Message from the directors

By choosing the Master 2 LLM in International and European Business Law at the University Jean Moulin Lyon 3, you have taken the right decision. The Lyon 3 Law School is one of the best in France with an old history and an opening on foreign legal systems. In 1920, the well-known comparatist

agreement with a partner University, and who want to complete the degree**: 5,000 Euros

Edouard Lambert created the Institute of Comparative Law which now bears his name. Nowadays, one of the strengths of the Law School is its reputation in International and European Law.

It seemed then logical to create a Master 2 LLM in International and European Business Law. The business orientation has been decided in order to give more coherence to this program. It has to be recalled that Lyon is a business hub with a specific position in Europe and particular business relations with Swiss and Italy. This position and our reputation allow us to attract the best lecturers and the best students.

This Master 2 LLM is integrated in the Law School. Some of the lecturers are from the Lyon School of law and some of the courses will be taught in common with French Master courses even though in English. Students from the Master 2 LLM representing various nations will then be mixed with French students in order to speed up their French integration.

We wish you an unforgettable year in Lyon 3 !
